

OCAKLAR

"Right on Time"

Türkiye's Leading Sales and Distribution Company

Ocaklar provides sales and distribution services for distinguished brands in the staple foods and fast-moving consumer goods sector. Through its commitment to high-quality service and effective operations management, the company has become one of the industry's well-known, respected, and preferred organizations.

With extensive warehouse facilities, a strong vehicle fleet, and a qualified workforce, our company meets customer expectations on time and to high service standards. Drawing on its extensive sales and distribution experience and innovative operating model, Ocaklar has established itself as one of the companies shaping the industry.

Powered by the trust of its valued customers and deep sector expertise, Ocaklar has become one of Türkiye's prominent brands and continues to advance confidently toward the future with determination and resolve.

QUALITY MANAGEMENT

Standards and Regulations

To comply with industry standards, technical specifications, administrative and legal requirements, operating procedures, and applicable regulations.

Customer Needs and Expectations

To consider customer needs and expectations in order to sustain customer satisfaction.

Occupational Safety Regulations

To comply with all applicable laws and regulations to ensure the occupational health and safety of our employees, our most valuable internal resource.

Training Services

To value a well-trained workforce and provide employees at every level with the training they need.

Diligence

To exercise the highest level of care and diligence in selecting the products we sell and distribute, and throughout every stage of the sales process, in order to ensure customer satisfaction.

OUR VALUES

Trust and Reliability

Our company places earning trust above all other gains. We believe the foundation of sustainable success and the most important value in our corporate culture is the trust placed in us by our employees, business partners, customers, and society.

Environmental Responsibility

At OCAKLAR, respect for the environment and society is central to all our activities. We monitor the environmental impact of everything we do and accept responsibility for taking the necessary measures to minimize any potential negative effects.

Respect for Individuals and Society

At every stage of our business processes, we value the expectations and needs of our employees, shareholders, business partners, and customers, and respect their beliefs and opinions.
